

Understanding the Narrative of Latin American colonial history through the eyes of 20th century Mexican art

For box 1, write a paragraph describing how Mexican artists and Las Casas perceived pre-Columbian American civilization.

For boxes 2-4, Using your notes, Las Casas and at least two works of art, write a paragraph describing the impact of European imperialism on America in the specified area. Each paragraph should be in BMP format with a clear topic sentence and at least three well-explained examples drawn from the art and Las Casas that support your argument. Please cite all sources parenthetically (Artist, title, date) and (Las Casas).

Pre Columbian World	First encounter/conquest
